Skill Development

Workshops on 4 life skills:

Time management, goal planning and goal setting, conflict resolution, stress management, self-promotion and presentation, leadership, SWOT Analysis

After enrolling with us, the student gets access to workshops and training conducted by experts to build, learn, and apply those skills. Later, we also help you to showcase those skills through activities and help you present them in your applications. The training and workshops are integrated into a personalised timeline for you to plan and attend them and complete the activities.

A personal mentor from our team will be assigned to you to monitor your progress and hold meaningful conversations about the same. While our aim is to build a strong profile for each student as per their choice of University, but also guide them honestly throughout the process and maintain absolute transparency.
